

RADIO/TV BROADCAST EQUIPMENT INDUSTRY (NAICS 33422)

INDUSTRY DEFINITION AND RELATED INDUSTRIES

NAICS 33422: Radio/TV Broadcast Equipment. Establishments primarily engaged in manufacturing radio and television broadcasting and communications equipment. Includes closed-circuit and cable television equipment; studio equipment; light communications equipment; transmitters, transceivers and receivers (except household and automotive); cellular radio telephones; communication antennas; receivers; RF power amplifiers; and fixed and mobile radio systems.

Related Industries

- Radio Broadcasting
- TV Broadcasting
- Telephone Equipment Mfg.
- Wireless Telephone Equipment

U.S. Census Categories

NAICS 33422 – Radio/TV Broadcast Equipment is almost comparable to:
100% of SIC 3663 – Radio and TV Communications Equipment and
6% of SIC 3679 Electronic Components n.e.c.

Sub-Industries

- Radio and t.v. communications equipment
- Radio broadcasting and communications equipment
- Airborne radio communications equipment
- Amplifiers, RF power and IF
- Carrier equipment, radio communications
- Cellular radio telephone
- Citizens' band (CB) radio
- Marine radio communications equipment
- Multiplex equipment
- Pagers (one-way)
- Radio receiver networks
- Receivers, radio communications
- Transmitter-receivers, radio
- Television broadcasting and communications equipment
- Cable television equipment
- Cameras, television
- Phototransmission equipment

- Television antennas (transmitting) and ground eq
- Television closed circuit equipment
- Television monitors
- Radio and t.v. communications equipment, nec
- Antennas, transmitting and communications
- Digital encoders
- Encryption devices
- Light communications equipment
- Microwave communication equipment
- Mobile communication equipment
- Radio and television switching equipment
- Receiver-transmitter units (transceiver)
- Satellites, communications
- Space satellite communications equipment
- Studio equipment, radio and television broadcasti
- Telemetry equipment, electronic
- Transmitting apparatus, radio or television
