The **2023 World Industry & Market** report series
is the leading annual collection of publications that describe over
120 major worldwide industries and 500+ minor industries.
Published each year in January, the report series provides the
most current and accurate estimates of the size of the largest
manufacturing, retail, wholesale and services industries for the
largest 60 countries in the world.

With over 260 pages each, the 2023 edition of the **World Industry
& Market** report series feature:

- 2023 establishments, employment and sales totals for each
  industry in each country

- 2024 forecast establishments, employment and sales totals
  for each industry in each country

- 5-year trend establishments and sales totals

- Industry financial ratios such as sales per employees, sales
  per establishment and employees per establishment

- 2023 establishments, employment and sales totals for up to 10 sub-industries for each industry

- Sweden
- Switzerland
- Taiwan
- Thailand
- Turkey
- Ukraine
- UAE
- United Kingdom
- United States
- Venezuela
- Vietnam

METHODOLOGY AND SOURCES

The methodology used to create these estimates and forecasts are based on U.S. Census as well as other sources (The Economist, The Heritage Foundation, private research studies, trade association studies, etc.).

The report series is unique because it is 1) timely (the most recent Census data) and 2) highly accurate (our proprietary economic model uses regression analysis for its forecasts as well as a number of data resources to produce concensus industry estimates).

BARNES REPORTS

Barnes Reports provide the most current and accurate estimates of the
size of the largest manufacturing, retail, wholesale and services
industries in the United States and the World.
